Recruiting Director

Dear Recruiter,

My name is J.R Seay, owner of TAKEOFF Performance Systems, a sport performance training company based in Marietta, Georgia. This letter is a recommendation for Cooper Hecklinski in consideration of a scholarship to join your program.

Cooper is a self motivated, extremely coachable athlete, who acclimated to the demands of a collegiate-student schedule during his middle school tenure. During his reclassification year he garnered skills in time management and prioritization of his academic, athletic, and personal goals. A versatile athlete that has competed and trained for multiple sports simultaneously, all while maintaining a 3.5 GPA, honor roll honors and increasing the demands of his training regimen continuously.

Cooper is keen on identifying his weaknesses and improving them until they become a part of his arsenal. He's a natural and recognized leader amongst his peers and highly competitive amongst his teammates. Cooper is a standout athlete within Walton High School Baseball's program and receives recognition honors when competing at Perfect Game and Prep Baseball Report showcases. Cooper is a highly-skilled, disciplined athlete with integrity, who will compliment your program on and off the field.

Sincerely,

J.R. Seay
